Head, Division of Urology, Providence Health Care, Vancouver, BC
Clinical Assistant Professor, Department of Urologic Sciences, UBC

MD- University of Calgary 2002
FRCSC (Urology) – University of British Columbia 2007
Minimally Invasive Urology Fellowship, University of Chicago, Chicago, IL 2008
Renal and Pancreas Transplantation Fellowship, St. Vincent Medical Center, Los Angeles, CA 2009

Originally from Calgary, Alberta, Dr. Michael Eng is a graduate of the UBC Urology Residency Program in 2007. He practices Urology and Renal Transplantation at Providence Health Care in Vancouver. He is primarily based at St. Paul's Hospital but also works at Mount Saint Joseph's Hospital.

Dr. Eng completed a Minimally Invasive Urology Fellowship at the University of Chicago, focusing on robotic and laparoscopic surgery for the management of prostate, renal and bladder cancers. Dr. Eng subsequently completed a Transplantation Fellowship at St. Vincent Medical Center in Los Angeles, which was one of the largest Kidney and Pancreas Transplantation programs in Southern California.

His areas of interest include:

- Renal transplantation
 - Laparoscopic donor nephrectomy
 - Living and deceased donor renal transplant
 - Renal autotransplantation
 - Restored kidney transplantation
 - Abdominal organ procurement
- Laparoscopic urologic oncology
 - Laparoscopic partial nephrectomy
 - Laparoscopic radical nephrectomy & nephroureterectomy
 - Laparoscopic radical prostatectomy
 - Laparoscopic partial and radical cystectomy
- Minimally invasive urology
 - Laparoscopic pyeloplasty
 - Laparoscopic adrenalectomy
 - Retroperitoneal laparoscopy
